FY14 Daytime & Nighttime Enforcement Totals Summaries (Agency by Campaign)

Each year, the Illinois Department of Transportation's Division of Traffic Safety (IDOT, DTS) provides enforcement agencies throughout the state of Illinois with grant funding for enhanced enforcement activities. These grant-funded local and state police enforcement agencies are required to focus their enforcement efforts on occupant protection and alcohol-related driving violations and other traffic-related violations. As part of their grants, the DTS requires that these agencies submit their detailed enforcement data in an accurate and timely fashion. DTS then uses this information to evaluate how each grant-funded enforcement agency performed throughout the year. **Table 1** provides a list of data items and their definitions that have been collected from each participated law enforcement grant-funded agency during the FY14 enforcement efforts (October 2013-September 2014).

Table 1: A List of Selected Data Items	
Selected Items	Definition
County	Self-explanatory
Agency Name	Self-explanatory
Holiday Campaign Type: <ul style="list-style-type: none">● Thanksgiving● Christmas / New Year's● Super Bowl● St. Patrick's● Cinco De Mayo● Memorial Day● July 4th● Labor Day● Other Holiday Campaigns (Unassigned)	Self-explanatory
Total Patrol Hours Conducted	Self-explanatory
Total Citations Issued	Self-explanatory
Total Occupant Protection Citations	Self-explanatory
Total DUI Arrest	Self-explanatory
Total Speed Violations	Self-explanatory
Total Amount Reimbursed	Self-explanatory
Motorist Contact Rate (in Min.)	(Total Hours/Total Citations)x60 minutes
% DUI Violations	(Total DUI/Total Citations)x100
% Occupant Protection Citations	(Total Occupant Protection/Total Citations)x100
% Speed Citations	(Total Speed Citations /Total Citations)x100
Cost Per Patrol Hour	Total Amount Reimbursed/Total Hours
Cost Per Citation	Total Amount Reimbursed/Total Citations

Tables 2-4 provides detailed data and information enforcement activities during the daytime and nighttime by selected data items. The shaded areas include the total number of activities by selected counties, followed by activities across the municipalities and local agencies within each selected county. These tables also include total Illinois Secretary of State Police and Illinois State Police and statewide activities (see the last page of each Table).

It should be noted that some of the local police agencies and ISP conducted additional belt and alcohol enforcement activities during the other holiday campaigns (beyond the required holiday campaigns listed in the tables).

The amount each agency is reimbursed is only available by campaign and not available by nighttime or daytime enforcement activities. Therefore, we approximate the cost for daytime and nighttime activities. To do this, we use the cost per hour from the table labeled 'FY14 Daytime & Nighttime Enforcement Totals Summaries' and multiply that Cost per Hour across the DT Total Hours (Daytime Total Hours) and NT Total Hours (Nighttime Total Hours). This provides an approximate daytime cost (Approx. DT Cost) and approximate nighttime cost (Approx. NT Cost). To calculate cost per citation, we use these approximate costs and divide by total daytime citations and total nighttime citations respectively.

Table 2 provides detailed data on the combined daytime and nighttime enforcement activities. **Table 3** shows detailed data on the daytime-only enforcement activities and **Table 4** shows detailed data on the nighttime-only enforcement activities. The above tables are self-explanatory and include enforcement activities and associated costs (cost per hour and cost per citation) by county, local agency, Illinois Secretary of State Police (SOS), Illinois State Police (ISP), and campaign type. For example, on **Table 2**, within Adams County, a total number of 992 patrol hours were conducted across six holiday campaigns. The only agency within this county that participated in six holiday campaigns was the Quincy Police Department which received \$46,664 from IDOT, patrolled a total of 992 hours, and issued 614 citations. The total cost per hour of enforcement and cost per citation were \$47.04 and \$76.00 respectively.

Overall Results

During FY14, the Division of Traffic Safety's grant-funded, enforcement agencies combined to work 117,463 hours and issue 131,258 citations at a cost of \$7,905,326. The average cost per patrol hour was \$67.30, while the average cost per citation was \$60.23. Almost 39 percent of all the citations issued were for occupant protection violations; 15.2 percent of all citations issued were for speeding; and 2.3 percent were issued for DUI. These agencies issued one citation for every 53.7 minutes of patrol. Looking at daytime and night totals, these agencies conducted 24,567 daytime patrol hours and 92,896 nighttime patrol hours. Therefore, during FY14, almost 80 percent of all enforcement was conducted at night. Furthermore, these agencies issued 41,361 citations during daytime patrol and 89,897 citations during nighttime patrol. While 80 percent of all enforcement activities were conducted at night, only 68.4 percent of all citations were issued at night. This is expected due to low volume of traffic and high enforcement concentration on alcohol related violators.

Tables 5-9 provides detailed data and information enforcement activities by grant type and the objectives met, if applicable.

Table 5 provides all enforcement activities and performance measures for LAP grants. The Local Alcohol Program (LAP) combines public information and education with sustained alcohol enforcement to reduce driving while intoxicated and other-drugged driving crashes and offenses. These agencies (Chicago and River Grove) conducted 4,984 patrol hours and issued 3,880 citations. These LAP grants issued one citation for every 77.1 minutes of patrol; made a DUI arrest for every 24.9 patrol hours; and issued 16.3 percent of all citations for occupant restraint violations. The cost for these LAP grants was \$300,106.30.

Table 6 provides all enforcement activities and performance measures for STEP grants. The Sustained Traffic Enforcement Program (STEP) creates sustained enforcement focusing on impaired driving and occupant protection violations across specified holiday campaigns. These agencies conducted 66,430 patrol hours and issued 78,698 citations. During daytime activities, these STEP grants issued one citation for every 35.2 minutes of patrol. During nighttime activities, these agencies issued one citation for every 57.4 minutes of patrol. While the STEP grants issued 67.8 percent of all citations for occupant restraint violations during daytime activities, these agencies issued only 34.5 percent of all citations for occupant restraint violations during nighttime activities. The cost for these STEP grants was \$3,702,838.

Table 7 provides all enforcement activities for MINI grants. The Mini-Grant Holiday Enforcement Program (MINI) creates additional traffic enforcement focusing on occupant protection for the Memorial Day campaign and impaired driving for the Independence Day and Labor Day campaigns. These agencies conducted 5,479 patrol hours and issued 6,988 citations. While 80 percent of the patrol hours were conducted during nighttime, only 69.9 percent of citations were issued during nighttime enforcement. These agencies issued one citation for every 47 minutes of patrol. Approximately 45 percent of all citations issued by MINI grants were for occupant restraint violations. The total cost for these MINI grants was \$279,248.40.

Table 8 shows all enforcement activities for eLAP grants. The Enforcement Local Alcohol Program (eLAP) creates additional roadside safety check points focusing on impaired driving. All eLAP enforcement was conducted at roadside safetycheck points (RSCs) at night and outside of normal campaign dates usually by preceeding or succeeding one of those campaigns. These agencies conducted 3,651 patrol hours and issued 3,369 citations. These agencies issued one citation for every 65 minutes of patrol; one DUI arrest for every 35.1 RSC hours, and maintained a DUI processing rate of 2 hours per DUI. The total cost for the eLAP grants was \$244,076.62.

Table 9 shows a summary of all enforcement efforts by grant type.
